OPC- Cement

LOGISTICS AND MANUFACTURING PROCESSES

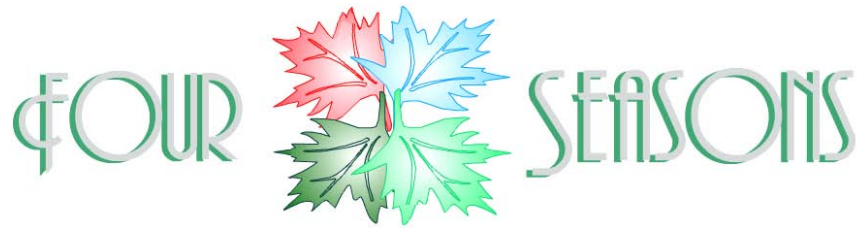

FSAP-HK OPC-Supplier is proud to present his **new OPC availability** in cooperation with his **3 Mega Production Facilities** (MPF). Therefore, our Portland cement 42.5 N/R can be exported from 3 locations. Your company may choose the location best suited for their requirements:

1. Europe
2. Russia
3. Latin America
4. Midle East
5. Asia

Annual delivery capacity 25.000,000 (Twenty-five million) Metric Tons during 10 years for total reserves of 250.000,000 (Two-Hundred Fifty million) Metric Tons. Monthly capacity up to 2.000,000 (Two million) Metric Tons.

SOFT OFFER

Spot Sigh Seas operation, if available, operate payments by Swift MT103 and Swift MT799 by prices adjustment for distance, destination port charge and discharge cost and facilities.

A **price quote** shall be submitted only after LOI are present for a limited time, usually 72 hours. Extensions are possible only if there are no outside variables such as an adjustment in fuel cost, international waterway instabilities or government restrictions regarding shipment.

If our vessels must cross the Panama Channel, please consult. If the destination is Iraq or Kuwait we will not send our vessels through Mercaderias because it is logistically impossible to conduct operations. Port of fresh water (Africa/India), please add USD\$3.00 per M/TON.

Our Portland Cement 42.5 N/R inventory rises to 25MMT in different allocations. In case there is a substantial need for 42.5 R or 42.5 E, the prices must be agreed upon and will strictly depend on the payment terms.

For delivery time, destination, packaging, etc. for White Cement or Under Sea Water Cement, please consult prices and existence. We will provide an answer no less than 10 days from the date of inquiry.

With supply contracts exceeding more than one year, price adjustments will be made accordingly with the variation of the London Stock from the date of the issuing LOI.

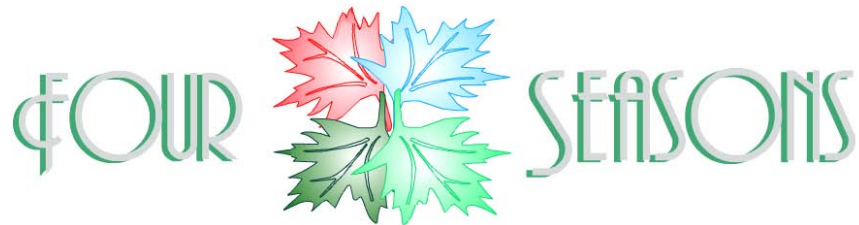

VESSEL INFORMATION

FSAP-OPC suppliers have own vessels, which allow them to control directly the necessary movement from their facility to the final destination port. This also allows providing the least expensive pricing for our cement clients.

Their vessel capacities are: 12,500/25,000/50,000/MT. Please note, there is currently no 10,000/MTvessels available. All vessels are registered with mandatory documentation and clearance requirements for international waters and foreign countries within our supply expedite channels.

ORDINARY GREY PORTLAND CEMENT 42.5 N/R INFORMATION

INTERNATIONAL STANDARDS

EUROPEAN: DIN EN 197

BRITISH: BSS 12/1996

AMERICAN: ASTM C-150

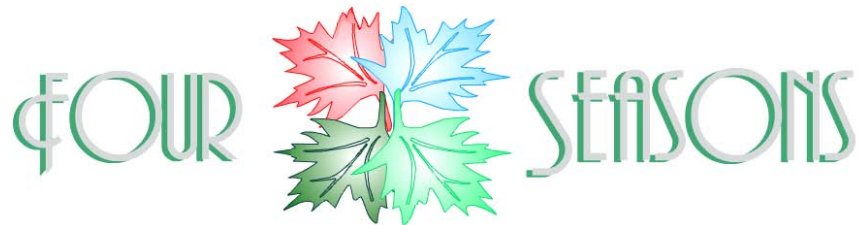

SABS: SANS 50197

CHEMICAL Parameter

- Silicon dioxide (SiO₂) 20.840-21.000
- Aluminium trioxide (Al₂O₃) 4,46-5,50
- Ferric oxide (Fe₂O₃) 3.30-4.13
- Calcium Oxide (CaO) 65,21-65,50
- Magnesium Oxide (MgO) 0,078-1,40
- Sulphathe Anhydrid (SO₃) 2,640-2,70
- Masspart of Chloride 0,1-0,003
- Insoluble Residue 0,15-0,16
- Loss on Ignition (LOI) 3.0.0.620
- Potasium Oxide (K₂O) 0,690
- Nitrate Oxide (Na₂O) 0,400
- Tricalcium Aluminate (C₃A) 4,800
- Iron Oxides not to exceed 3.3
